

WEEKLY THEMES

Week 1: June 12th-16th

GenZ is creative!

This week campers will use their five senses to create art. Campers will create a visual masterpiece from a variety of materials. They will also create their very own recipe. They will explore the sense of touch by making interactive sensory displays.

Week 2: June 19th-23rd

GenZ is innovative and tech savvy.

Campers will have the opportunity to invent a new kind of technology. They will construct robots, learn coding basics, and focus on the why of technology. Campers will also use loose parts to make their own seismograph.

Week 3: June 26th-30th

GenZ is proud to be American!

This week campers will create a video on what it means to be an American. Campers will create their own American Flag. They will work together to host a Fourth of July cookout for the school.

Week 4: July 3rd-7th

GenZ is passionate about the conservation of wildlife.

Campers will explore the world of endangered species. They will learn about a variety of animals and have a chance to adopt one of their very own. They'll work on a public service announcement, giving information and actionable items to save our animals.

Week 5: July 10th-14th

GenZ's got game!

Campers will play various team sports, like basketball, flag football, volleyball, and more. They will also have a chance to explore individual sports such as golf, tennis, and track and field. Campers will also make their own mini golf course. This is an opportunity to explore different team and individual sports.

Week 6: July 17th-21st

GenZ's is mindful.

This week focuses on relaxation. Campers will learn breathing techniques & yoga to relax and recharge. They will explore self-care, such as grounding. Campers will make a Cloud9 toolkit with bath bombs, salt scrubs, and handmade candles infused with essential oils. They will learn about the different types of tea and learn to brew a special recipe.

NOW!

Week 7: July 24th-28th

GenZ is metropolitan.

This week we will explore the largest cities in the world: New York, Paris, Istanbul, Tokyo, Mexico City, Mumbai, and Montreal. Campers will learn what makes each city unique. They will be transported to each city on a virtual field trip. During the exploration of Paris, they will replicate the Eiffel Tower, and in New York City, they will make a sculpture of the Statue of Liberty.

Week 8: July 31st-August 4th

GenZ is talented.

This week campers will explore their talents, both obvious and hidden. Campers will work individually or in groups on a talent showcase. They will use their artistic talents for stage props and displays. At the close of the week, we will host our very own KRK's Got Talent and perform for our school.

Week 9: August 7th-11th

GenZ runs the world, and this week we will make sure everyone knows it!

Campers will work in teams to create their own company. They will use technology and mixed media to design logos. Campers will also use their imaginations to create real-life inventions.

Week 10: August 14th-18th

GenZ's reach is infinite!

We'll dive into the mysteries of the GenZ Universe, exploring the planets, stars, and moons. Campers will have the opportunity to conduct experiments, search for stars, and create their own planet. They will also learn to measure their own height with gravity.

Week 11: August 21st-22nd

GenZ is conscious about the planet and the way we take care of where we live.

This week, campers will create a school recycling center. They will also master the art of using recycled materials to make artisan paper and ovens using solar energy. Campers will strategize on ways to get older generations to actively conserve.
